

Learning Explorer Item Bank

Leverage the power of the Pathways assessment solution with a premier item bank to gather important formative insights and guide the next instructional steps.

Wide range of items offer choice

Summative quality items match the rigor and complexity of items on state assessments, while formative items are suitable for practice & quick checks.

Expert standards alignment

Experienced assessment developers and item writers ensure that test questions reveal actionable insights into students' understanding.

Instructional time savings

Creating formative assessments in Pathways saves teachers' time and blends assessment seamlessly into the learning experience.

ITEM TYPES

The Learning Explorer Item Bank offers a range of item types to give students multiple opportunities for practice.

Trusted Regional Business Partners

Learning Explorer & ELS (Educational Learning Solutions), which merged in early 2024, collaborate with trusted regional organizations that put your needs first.

To connect with the regional business partner for your state, contact Learning Explorer at info@LearningExplorer.com or (888) 909-9035 ext. 4.

WHY DISTRICTS CHOOSE LEARNING EXPLORER

Unparalleled Education Expertise

For two decades, Learning Explorer has supported educators with rich instructional and assessment solutions, creating engaging, efficient, and effective learning experiences for every student.

The Learning Explorer assessment team comprises experienced item designers, curriculum experts, and editors who adhere to a stringent, multi-step development and review process.

Top-Notch Customer Support

The Learning Explorer customer success team is a top reason that districts choose the company's education products again and again.

Led by veteran former district leaders, educators can rely on the Learning Explorer customer success team for:

- Convenient support hours
- All-in-one support & training plans
- Easy implementation
- Attention to detail
- Responsiveness
- Enthusiasm for customer feedback

Ongoing Expansion & Investment

While Learning Explorer offers research-based and innovative edtech solutions, our primary focus is teaching and learning.

We know that assessment is a powerful and indispensable element of successful teaching practice, so we invest significantly in our assessment products—for you—year after year.
