

Lesson Planet Resource Bundles™

Classroom-ready collections of standards-aligned supplemental resources from the award-winning Lesson Planet resource library are easily activated for re-teaching, remediation, or enrichment.

Next-step instruction

Following an assessment, educators can easily choose the next instructional step for every student, directly from the Pathways assessment platform

Expertly aligned & vetted

Standards-aligned instructional resources are reviewed by experienced educators, enabling students to deepen their understanding

Student engagement boosters

Pre-built bundles provide engaging activities, ad-free educational videos, articles, worksheets—and more—delivered in a simple multimedia player

In Pathways, teachers select pre-built bundles of grade-appropriate, standards-aligned resources and materials from educational providers like PBS, National Geographic, Smithsonian, Open Up Resources, Engage NY, One Minute History, TED-Ed, Associated Press, Study Jams, major universities, and hundreds of others!
